Our Vision

Crafting Contemporary Dreams

Our Mission

To become the premium architectural & interior design consultancy firm & To Offer a hassle - free consultancy experience to our clients.

A high-angle, vertical photograph of a two-lane asphalt road that curves gently to the right. The road is flanked on both sides by tall, slender, dark green cypress trees that create a tunnel-like effect. Two dark-colored cars are visible on the road, driving away from the viewer. The car in the foreground is in the right lane, and the car further ahead is in the left lane. The sky is a pale, overcast grey. The overall mood is serene and evocative of a journey.

Our Journey

Let's Go

With over 10 years of experience, our architectural consultancy has evolved from a small practice with big dreams into a respected leader in the industry. guided by a passion for design and a commitment to excellence, we have undertaken projects ranging from personalized spaces to large-scale national and international developments. our dedication to client satisfaction has fostered lasting partnerships, resulting in spaces that inspire and elevate the user experience.

innovation and adaptability have been at the heart of our growth. we have embraced technological advancements and sustainable building practices, evolving our design and implementation strategies to stay at the forefront of the industry. by investing in our team's skills and knowledge, we have maintained our leadership position and continue to deliver cutting-edge solutions that meet modern demands.

our multidisciplinary team forms the backbone of our company, integrating architectural, structural, mep, interior design, quantity surveying, and project management services into a seamless system. this comprehensive approach allows us to deliver a wide range of projects, from residential homes to complex commercial establishments, ensuring that clients receive all the necessary services under one roof for a smooth project execution.

as we look to the future, we remain driven by our passion for creating functional and meaningful spaces. our commitment to pushing boundaries, integrating smart technologies, and fostering sustainability ensures that we are well - prepared to face the challenges and opportunities ahead. we are dedicated to shaping our surroundings in innovative ways and making a positive impact on the communities we serve.

Arch.Chinthaka Dayaratne

Chairman

In my architectural practice, I believe that great design begins with strong communication and collaboration. I prioritize building meaningful relationships with my clients, focusing on open dialogue and active listening to truly understand their vision. This approach allows me to tailor each project to meet your unique needs, ensuring it reflects your aspirations. My commitment to providing honest, unbiased feedback throughout the process helps foster transparency and trust, guiding our discussions toward the best possible outcome.

With a focus on creating a seamless and enjoyable design experience, I leverage my project management expertise to remove obstacles and simplify complexities. Clear communication is at the heart of my practice, keeping you informed and engaged every step of the way.

I am dedicated to respecting your budget and timeline, ensuring we establish a realistic framework that keeps your project on track. My ultimate goal is to craft spaces that resonate with your identity and enhance your daily life, leaving a lasting impact on you and your community.

The Arch Lab (Pvt) Ltd.

Mr. Bandara Dayarathne

Managing Director

At The Arch Lab Pvt. Ltd, we believe that architecture and interior design are more than just structures and aesthetics they are expressions of creativity, functionality, and innovation. Our passion for excellence drives us to craft spaces that seamlessly blend design and purpose, creating environments that inspire and elevate experiences.

With a dedicated team of architects and designers, we take pride in delivering bespoke solutions that reflect our clients' unique visions. From conceptualization to execution,

we ensure that every detail is thoughtfully designed and meticulously executed.

At The Arch Lab, we embrace innovation, sustainability, and the latest design trends to bring our projects to life. Our commitment to quality and client satisfaction is at the heart of everything we do.

We look forward to shaping the future of architecture and interior design, one visionary project at a time.

Mr. Bandara Dayarathne

Managing Director

The Arch Lab (Pvt) Ltd.

Our Expertise

We transform spaces using our innovative architectural and design proficiency. Strongly equipped by a comprehensive range of services we ensure that every project, regardless of its scale, is carried out to perfection. We take a creative, precise and client - centric approach at all times. The full breadth of our services covers a myriad of architectural and design solutions which include the following

Architectural design solutions provided by chartered architects

Architecture is more than just building structures; it's creating spaces and experiences that last through generations. The modern and unique architectural consultancy services we provide are designed to redefine spaces using creativity, innovation and style

As a team we believe in pushing the boundaries of design, unifying it with the most up to date technology, and creating aesthetics that are timeless.

From sleek urban dwellings to large commercial spaces, we create designs that are both functional and exquisite. Our progressive team of architects will ensure that every project is a statement of sophistication,

and personalized to suit your unique vision. Allow us to create a masterpiece that blends your ideas in a unique and creative manner, resulting in a space that stands apart from the dull and monotonous structures that are visible in a world of conformity.

Interior design solutions provided by qualified interior designers

Interior design focuses on the amalgamation of aesthetics with practicality, creating liveable spaces that are not only visually pleasing but also adjusted for everyday use. Our interior design consultancy focuses on creating state-of-the-art results that rise to the challenges of modern living.

We stay ahead of design trends, using cutting - edge materials and innovative methods. The interiors we create are stylish, practical and timeless.

We stay ahead of design trends, using cutting - edge materials and innovative methods. The interiors we create are stylish, practical and timeless.

We aim to transform spaces into cozy and user - friendly environments which inspire and please all those who inhabit them. Our highly versatile team ensures that every project experiences a seamless design process from beginning to end.

Structural design solutions provided by chartered structural engineers

Transforming complex challenges into cost- effective solutions, our structural engineering team works with a precise, innovative and efficient approach. We are able to lever advanced engineering software and techniques that enable us to create structures that capitalize on material usage while minimizing wastage. From the initial concept to the final result, we ensure that every decision that is made achieves an economical and efficient outcome. Our priority is to maintain the highest standards in safety and performance of our buildings and the process in which they are created

Quantity surveying services provided by qualified quantity surveyors

Staying on budget is a crucial aspect of any modern - day construction project. Our firm specializes in strategic cost management methods that supersede mere estimation.

By providing a comprehensive array of quantity surveying services including cost control, financial reporting and contract administration we guarantee that each project runs smoothly.

Our approach is to be client focused and proactive while ensuring that potential financial challenges are identified and moderated early on in the process. From small renovations to large - scale developments, we tailor our services to meet our clients' unique requirements, constantly aiming for cost effective practices that do not sacrifice quality

MEP design solutions provided by chartered electrical engineers

Our comprehensive mep engineering consultancy services, bring together proficiency from mechanical, electrical, and plumbing systems in one cohesive operation. We deliver solutions that are not only technically viable but also catered specifically to the requirements of each project.

We ensure that every system integrates seamlessly from concept to completion. Each project is carefully executed to maximize on performance, while adhering to strict cost control.

Focused on collaboration and innovation we lead our clients through the details of MEP design, delivering results that exceed their expectations.

Landscape design by qualified landscape architects

The landscape design of any project irrespective of its scale is the icing on the cake that highlights the beauty and final finish of the plan. With careful planning and a unified approach that respects our clients' needs and wishes we create outdoor spaces that add value and purpose to any construction project.

Our landscape architects are highly qualified with a vast knowledge in local and international best practices, bringing in an environmentally cohesive and sustainable slant to all ventures they are involved in.

Project management services provided by highly experienced project managers

Project management consolidates a vision into a reality. At our company this is merely an art we excel in. We are the drivers of your project from start to completion ensuring that each step from planning, scheduling, to execution is carried out meticulously with precision.

Our project managers are highly experienced and work collaboratively with all stakeholders, providing strong leadership throughout the process and sustaining clear communication amongst all.

We pre - empt any challenges and provide solutions swiftly, warranting that each project stays on track, within budget, and aligned with our client's vision.
